St John’s Vision Statement

As a welcoming Catholic school Community with a focus on living the values of the Gospel, we work together to enable our students to be successful learners for life.

St John’s Mission Statement

At St John's, we acknowledge God’s presence in our everyday lives. In our Parish and school we foster Gospel values. We worship, communicate, educate, nurture and develop as a Catholic faith community.

Through our motto “Love is Life,” we provide a unique and welcoming environment that recognises strong Parish and school links and values parental involvement.

With a dedicated staff, and effective leadership team, educational initiatives are at the forefront.

We encourage the development of the whole child in the search for their place in the world and their inner happiness.
